

1. KLove serves me as a resident of my local community through FM88.9. I enjoy the station and listen daily.
2. The effect on the local community if KLOVE were to be displaced would be tragic. My family listens to this station in the car at home and at our place of work. Additionally, many businesses choose to listen to this station during work hours. It is a pleasant, non-threatening environment for all ages.
3. The service that KLOVE provides is priceless. Many of our stations in Oklahoma City have indecent DJ talk and offensive commercials. Neither are on KLOVE. It is family safe for all ears with clean music played 24 hours.

Thank you.

Respectfully submitted,
